

The Journey Takers

BY LESLIE ALBRECHT HUBER

Did you ever wonder what it was like for your Western European ancestors to leave their homes behind and set off across the ocean to an unknown future in a new land? Now you can find out...

“Leslie Albrecht Huber has the ability to pull us back in history, allowing us to view it through her eyes. The reader will find it impossible to lay the book aside as Huber shares her experience in a way that envelops, inspires, and motivates.”

—Holly Hansen, Family History Expos President

Leslie Albrecht Huber's ancestors were journey takers, leaving their homes in Germany, Sweden, and England behind to sail to the US and start new lives in Utah. As Huber follows in their footsteps, she finds herself on a journey she hadn't expected. Based on thousands of hours of research, Huber recreates the immigration experience in a way that captures both its sweeping historical breadth and its intimately personal consequences.

Leslie Albrecht Huber is a freelance writer and speaker. She has published over 100 articles, mostly on genealogical and historical topics, in a variety of publications including *Family Chronicle*, *History Magazine*, *Internet Genealogy*, *The History Channel Magazine*, *Ancestry*, *Family Tree Magazine*, and others.
